RE: 2021-2022 Cost Allocation Methodology

The cost methodology must be “approved annually by at least three-quarters of the participating component school districts after consultation by local school officials with their respective Boards” (Education Law §1951, sub 1). At your January Board meeting, please consult with your Board of Education regarding the attached cost methodology for Cosers to be offered by the GST BOCES for 2021-2022.

Please return this certification to me. A resolution will then be offered at a Superintendents meeting seeking component district approval of the 2021-2022 Cost Methodology.

## **2021-2022 COST METHODOLOGY ATTACHMENT**

### **403.000 - ALTERNATIVE EDUCATION-MIDDLE SCHOOL AND SECONDARY BILLING**

Districts will submit to BOCES by July 1 the names of students who plan to enroll in the Alternative Education program in September. Each district will be billed based on the number given on July 1.

1. Those districts that sent more FTE students to Alternative Education than the number reported on July 1 will be billed the per FTE student charge for each FTE student (daily rate).
2. If total actual enrollment equals or exceeds the July 1 total, the bills to those districts that sent fewer FTE students than reported on July 1 will be reduced to the actual enrollment.
3. If total enrollment is less than the July 1 total, but some districts sent more students than reported on July 1, the bills to those districts that sent fewer students than reported July 1 will be reduced on a prorated basis by taking the total number of fewer students than the July 1 commitment multiplied by the tuition per student to arrive at the total revenue shortfall. The revenue shortfall is then divided by the total negative student number to arrive at a prorated cost per student not sent.

### **537.000 – SCHOOL/CURR. IMPROVEMENT PLANNING WORKSHOP BILLING**

Districts will submit to BOCES by May 1 the numbers of teachers who plan to attend staff development the following school year. Each district will be billed based on the May 1 number.

1. Those districts that sent more participants to staff development workshops than reported on May 1 will be billed the per participant day for each additional participant day (daily rate).
2. If the total actual enrollment equals or exceeds the May 1 total, the bills to those districts that sent fewer participants than reported on May 1 will be reduced to actual enrollment.
3. If the total actual enrollment is less than the May 1 total, but some districts sent more participants than reported on May 1, the bills to those districts that sent fewer participants than reported May 1 will be reduced on a prorated basis by taking the total number of fewer participant days than the May 1 commitment multiplied by the daily rate to arrive at the total revenue shortfall. The revenue shortfall is then divided by the total negative participant days to arrive at a prorated cost participant day not sent.

### **735.000 – MAINSTREAMING**

1. Mainstreaming is not covered as part of the tuition rate and will be charged separately just as related services are. Any mainstreaming event that can be considered a one-credit course will be billed at \$500. The cost for other mainstreaming courses will be prorated.
